John M. Rolfe and F. J. Bishop,  
 & Builders at Albany, N. Y.

before Judge J. J. McLaughlin, who charged him with robbery of the gold watch from Joseph Campbell, a laborer on the night of November 19, 1914. Campbell testified that he had seen Oliver but was working at the time and he had gone to his home at Oliver's house the next day. He said he was passing through the "pitch" about 11 o'clock one of the defendants stopped him and requested a cigarette. He said he handed him a cigarette and that the deputy sheriff took the cigarette and that shortly the other defendant came along and he held the both up, not taking anything from the other deputy.

This, he intimated, was a ruse of

the defendants to throw off suspicion. On cross examination he admitted he had been drinking that day but denied that he had been drinking.

nited that he had been in a game at  
 Phillips and lost some money. Counsel  
 for the defendant, in opening the case  
 stated that they would prove that he  
 had been to Phillips where he was  
 engaged in a game and that he was  
 drunk at the time. Two other deputies,  
 at the plant testified that Campbell  
 came running down the patch about  
 the time and told them that he had  
 lost his money in a game at Phillips  
 and that Campbell called to the two  
 defendants and inquired the way to  
 Uniontown.

**Debate Feature Meeting.**  
 Between fifty and sixty men attended a joint meeting of the F. O. E. Class, composed of men members of the First Methodist Protestant Church and the Men's Bible Class of the Dunbar church of the same denomination held last night in the local church. Resolving the occasion was a debate, "Is the World Growing Better?" the resolution being given in favor

of the affirmative. Mr. Jones and Mr. Hall, both of Dunbar, were the affirmative debaters and E. B. Small and E. E. Crouse of the local church, the negative. Music was rendered by the Sunday School Orchestra of the Connellsville Church. Delicious refreshments were served in the social room of the church. The meeting was the first of a series of similar gatherings planned by the two classes.

**S. R. Sewing Club Meets.**  
 The S. R. Sewing Club met last night in Madras Hall First Street, West Side, and spent the evening at the home of Mrs. E. H. Stevens in Will's road. One of the surprises of the evening was a fishing pond which afforded much amusement. Talks were given by A. R. Boyer, R. W. Hicks, W. H. Roberts and Rev. Stevens. Miss Elizabeth Stevens rendered a piano solo and the class orchestra gave several selections. Thirty-five members were present. Refreshments were served by Mrs. Stevens, assisted by Miss Stevens, Miss Susanne Lyon and Miss Phyllis Albright.

**Rev. Stevens Host.**  
 A well attended meeting of the Dunbar Class of the First Baptist Church was held last night at the home of Rev. and Mrs. E. H. Stevens in Will's road. One of the surprises of the evening was a fishing pond which afforded much amusement. Talks were given by A. R. Boyer, R. W. Hicks, W. H. Roberts and Rev. Stevens. Miss Elizabeth Stevens rendered a piano solo and the class orchestra gave several selections. Thirty-five members were present. Refreshments were served by Mrs. Stevens, assisted by Miss Stevens, Miss Susanne Lyon and Miss Phyllis Albright.

**Evening at Cards.**  
 Three tables were called into play at the regular meeting of the South Side Euchre Club at which Mr. and Mrs. Frank R. Graham were host and hostess last night at their home in the Masonic apartment, South Pittsburgh street. Mrs. J. Donald Porter was awarded the prize and at the close of the games refreshments were served. The next meeting will be held at the home of Mr. and Mrs. W. O. Schoonover.

**G. A. R. Circle Inspected.**  
 The Ladies Circle No. 100 to the William F. Knitz Post No. 104, Grand Army of the Republic, held its annual meeting yesterday afternoon in Odd Fellows' Hall and was inspected by Mrs. Mary Barclay, post president of the G. A. R. Circle of Uniontown. Mrs. Barclay found the circle in a very good condition and commented especially on the books of the secretary and treasurer. A donation of 101 aprons and the proceeds of the birthday box was made to the G. A. R. Home at Hawkins Station. Officers for the ensuing year were elected as follows: President, Mrs. Minerva Meyer of Dunbar; senior vice-president, Mrs. Clara Kearns; chaplain, Mrs. Mary Springer; conductor, Mrs. Clara Walton; assistant conductor, Mrs. Charles Richey; guard, Mrs. Etta Springer; secretary, Mrs. Alice Chamberlain;

treasurer, Mrs. H. M. Kerr. All the old officers but one were re-elected. Mrs. Clara Walton and Mrs. Nagle were elected delegates to the encampment to be held in Greensburg.

### SUNDAY SCHOOL CONVENTION AT LAUREL HILL

A Sunday school convention will be held Saturday, December 16, at the Laurel Hill Presbyterian Church. There will be two sessions, morning and afternoon and luncheon will be served in the church. The program will be as follows:

**Morning Session**  
 9:30—Devotional, Rev. R. G. Manley.  
 10:45—Purpose of District Work, President G. B. Coughenour.  
 11—Music.  
 11:10—Reading, Miss Collins.  
 11:20—Demonstration, Mrs. J. W. Dawson.

While lunch is being prepared the superintendent of the Sunday Schools will meet the officers of the district in conference.

**Afternoon Session**  
 1:15—Devotional, Rev. M. P. Steele.

 7:00—"When to Prepare the Sunday School Lesson," Mrs. J. H. Collins.  
 8:30—Benediction, Rev. M. P. Steele.

**Simply Crushed.**  
 Young Jones, who is something of a pianist, was calling for the first time upon a young lady whom he much admired.

Now not only the young lady but her mother and a number of guests were present. The hostess very soon approached Mr. Jones and asked: "Are you a musician, Mr. Jones?" Then Jones, who was most anxious to exhibit his skill, said with due modesty: "Why, yes; I think I might claim to be so."

"I am delighted," continued the hostess. "My daughter is going to play, and I shall take it to be very kind of you if you will turn the music for her."—Minneapolis Tribune.

**Daily Short Story.**  
 Tibertus Sinnerwhite, the bookkeeper, was trying to shine up the new stonew.

She wrote a letter for him. "For that," he burst, "I will give you your choice of package of cigarettes or a nice kiss."

"I don't smoke cigarettes," said she haughtily.

Then he didn't know what to do.—Louisville Courier-Journal.

## HEART OF LONDON GROWING SMALLER

Dwellers Are Migrating to the "Outer Ring."  
EXCESS OF WOMEN OVER MEN

Ten Years From 1911 to 1921 Saw Male Population Increase by Only 57,000, While Women Gained More Than Four Million—Average Size of Private Family in London Decreased From 4.15 to 3.79 Since 1911—Interesting Census Figures.

For the last twenty years the population of the County of London has been gradually getting smaller, until now there are more than 50,000 fewer people in the county than there were in 1901. On the other hand, the number of people living in the outer ring, or London, outside the county area, has increased by nearly a million. At midnight, June 10, 1921, the total population of London, including its outer ring, was 7,480,201; in 1901 the figures were 6,931,402.

The British Isles, as a whole, have 2,600,000 more women than men, and the city of London alone contributes a quarter of this figure. In 1921 the excess of women over men in London and her suburbs was 552,100. The ten years from 1911 to 1921 saw the male population increase by only 57,000; while the number of women gained from 3,844,940 to well over four millions, making an increase of 171,240, or three times the total increase of men. For this, however, the war years 1914-18 are mainly responsible.

Increase in Widows. During these years there was also a great increase in the number of widows. The number going from 187,400 in 1911 to 225,015 in 1921. Of the total population of the county in 1921, 1,131,265 men were single, 965,800 married, 72,453 widowed and 1,931 divorced; and of the women, 1,306,828 were single, 877,298 married, 228,015 widowed and 2,203 divorced. While the number of widows has increased twenty and thirty years old has decreased in the last few years, there has been a very large increase in their number above the age of thirty-nine. It has been suggested that this decrease in young and middle-aged single women is probably due to emigration.

The census returns give an interesting table which shows the number of voters in the various boroughs. Men in England are allowed to vote as soon as they reach the age of twenty-one, but women must be thirty years old before they can qualify for franchise. If Englishwomen were given the vote at the same age as the men they would preponderate in most of the London boroughs and could control every election. As it is, for the whole of the County of London the number of women voters in 1921 was only 938,326, while the men numbered 1,170,982. As the result of marriages after the war, there has been a considerable increase in the number of children in London, and the total of one year and under is the largest on record, 97,368 boys and 94,787 girls.

Families Not So Large. The average size of a private family in the city has decreased from 4.15 to 3.79 since 1911. The housing rules of the Census Blue Book show that there has been a tremendous increase in the number of families living in houses containing six rooms and over. The "new poor" have been obliged to accept smaller dwellings, and where 4.1 per cent of the private families in 1911 occupied places with six rooms or over, in 1921 only 2.0 per cent lived in the larger houses. This means that the greater majority of new houses built in these years contained under six rooms. In spite of smaller houses, however, the average amount of accommodation per person has increased during the last ten years, the average number of rooms occupied per head in 1911 being .83, and in 1921, .81.

Husbands. It has been discovered, are invariably from two to three years older than their wives, and as the result of the changes in population the average age of the inhabitants of London has increased. At the census of 1911 twenty centenarians were returned, while in 1921 this number had increased to thirty-two. Sixteen of these being in the county itself. It is reckoned that the average age of Londoners has increased by two years in the last ten years.

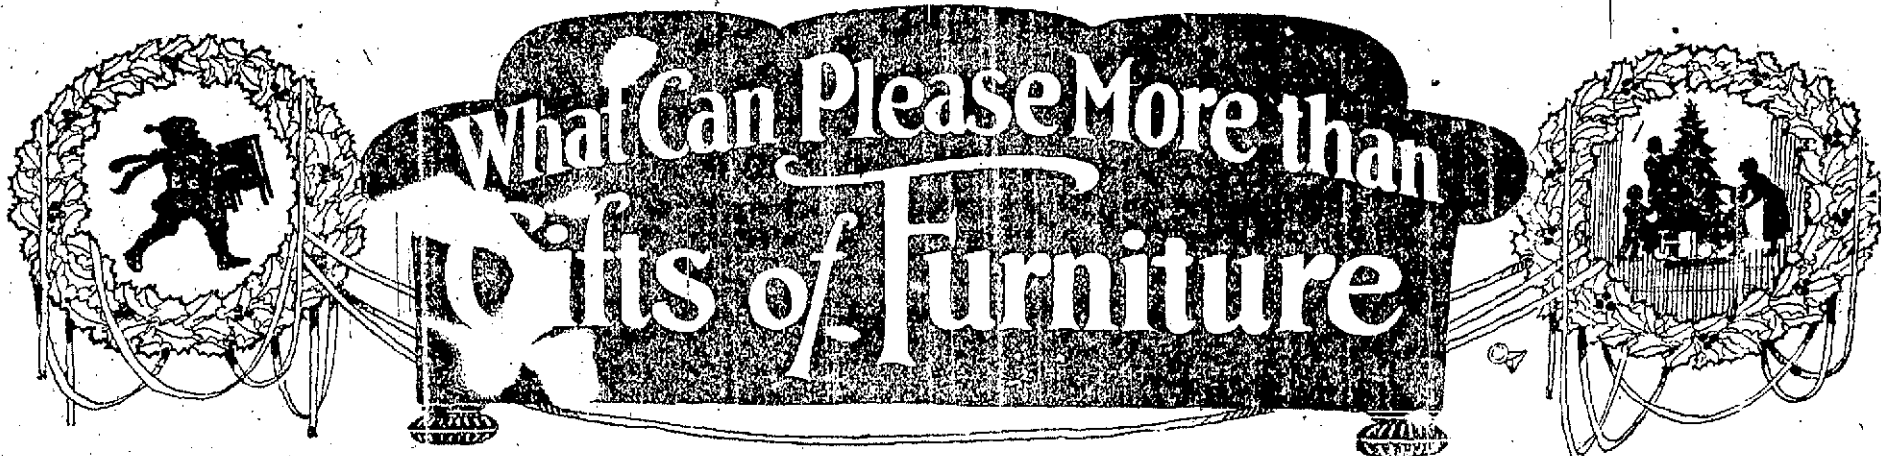

## HIGH BLOOD PRESSURE

Physician's Discovery Safely Reduces It to Normal and Dizzy Spells Disappear.

If your blood pressure is too high you cannot pass a life insurance examination. If you don't know whether you have this trouble or not, but if you have occasional dizzy spells, shortness of breath, pain in the head, hot flashes, nervous, moody or don't sleep well, your blood pressure is probably higher than it ought to be even if you don't realize it.

Normal, the prescription of a Buffalo physician, reduces high blood pressure and when this result is accomplished all the ailments caused by this abnormal condition are quickly dispelled. Dr. C. A. Venable, M. D., Connellsville, Pa., writes: "I have seen many cases of high blood pressure, and in every case a steady treatment for normal blood pressure has resulted in a complete cure."

## HELPING THE LIBRARY.

The fact that the object of the novel  
entertainment to begin in the armory  
tonight is to raise funds to provide  
books for the library gives it an in-  
terest and importance it might not  
otherwise have.

While there might be some objec-  
tions to taking any steps to con-  
structed as in part relieving the  
municipality of the obligation to ad-  
equately support the library, the fact  
remains that because of the failure to  
do so the institution has been reduced  
to rather dire straits in the matter of  
keeping its book supply up to date. It  
is to continue to serve the people of  
the community as it was designed to  
do, more money than is now available  
from appropriations by the city must  
be obtained. The effort of the Civic  
League to raise funds was quite suc-  
cessful, but the amount secured by  
that means is still short of meeting  
the situation as it should be met in  
order that the library may be able  
to accommodate every patron with the  
particular book or kind of books de-  
sired.

The supplement the funds secured  
by the league of women of Connel-  
ville has arranged a very ambitious  
program, which has been given the  
form of a "Country Circus." Being  
something wholly new in the enter-  
tainment line, and having a most  
worthy object to achieve, every friend  
of the library should welcome the  
opportunity to help swell the receipts  
and thereby help the library to bet-  
ter serve the community.

## MODIFYING THE AUTOMOBILE CODE.

It is reasonably certain that the  
forth-coming session of the Legis-  
lature will modify the automobile code  
of the state in several important  
particulars, with a view to better safe-  
guarding the public from the dangers  
which have developed from the more  
extensive use of the motor driven  
vehicle.

Among the changes proposed is one  
placing restrictions upon the grant-  
ing of driver's licenses, such as ex-  
cluding persons with defective sight  
or other physical impairments, that  
tend to disqualify them as safe pilots  
of cars. Another proposal is to require  
applicants for driver's licenses to  
undergo an examination, the object of  
which is to furnish satisfactory proof  
that they are sufficiently familiar with  
the driving mechanism of a car to  
handle it properly and know what to  
do in cases of emergency.

It is well known that many imma-  
ture and inexperienced persons are  
now permitted to take automobiles  
out on the highways who, while able  
to keep on the right side of the road,  
and handle a car safely under  
ordinary conditions, lose their heads  
when traffic becomes congested or  
something occurs requiring quick ac-  
tion to avoid an accident. In such  
cases they take sudden swerves and  
accelerations mixed up, and run down  
pedestrians or jam into other cars  
with serious and sometimes fatal re-  
sults.

The automobile has become so im-  
portant a factor in modern life that  
it is being used by a constantly in-  
creasing number of people. While  
openly cannot be denied to any  
person able to acquire a car, the pub-  
lic interest can properly demand that  
its operation be subject to such regu-  
lations as will reduce the hazards to  
the minimum.

Requiring that only competent and  
mature persons be permitted to sit  
behind the steering wheel is a precau-  
tion that should be much toward  
making the highways safer for all  
drivers. If such a regulation is made  
a part of the law and is enforced  
along with means of curbing the speed  
frenzies and keeping drunken drivers off  
the road, automobilism will have its  
greatest dangers eliminated. In ac-  
complishment of this purpose, none  
should be more interested than own-  
ers of machines themselves. For that  
reason they should lend their influence  
to a reasonable and necessary modifi-  
cation of the automobile code.

The fact that you are not a school  
teacher, but have children who are  
brought under the influence of  
teachers five days in the week, is one  
of the reasons why you should be an  
attendant at the session of the teach-  
ers' institute.

The teachers of Connelville are  
members of the League of Na-

tions is another reason, if more were  
needed, why we should congratulate  
the Senate for keeping the United  
States out of this combination.

Remember, the best Christmas will  
come to those who bring happiness  
to those who are in need of it,  
or have had less than their share.

The list of "down and outers" among  
the old coke plants grows larger as  
the list of veteran workers grows less.

You will not have to get up at 4  
o'clock in the morning to see the  
"crazies" come to town, but you may  
be tempted to view the attractions of  
the "big top" until well toward that  
hour, especially if you want to prove  
yourself a real friend of the library.

Getting Along Well.  
Edward Motzgar, who underwent  
an operation for appendicitis at the  
Cottage State Hospital, is getting  
along nicely.

### January Clearance Pricings Prevail Now!

### Before Christmas

**One Big Assortment Of Coats 1/2 Price**

## Every Suit at Half-Price!

Fancy Suits

Tailored Suits

Regular Small and Large

Plain and Fur Trimmed

ANY SUIT you may select from our complete stocks you may have for half the marked cost.

There are dress suits with rich fur collars and trim that Fifth Avenue might well envy. There are unusual suits with touches of bizarre embroidery that a certain type of woman can wear so distractingly.

There are street suits that you just know will wear, tailored with mathematical precision. In fact whatever the type or size of suit you may require it will be found among these included in our stocks.

Hence, when we offer them, without reservation, at half price before Christmas all reason for longer deferring your purchasing is removed.

## Dresses Too, Drastically Cut

One Large Lot  
1/2 Off

Included in this lot are silk and wool frocks that are as varied in design and as distinguished in appearance as any we have yet been able to assemble.

But because the season is advanced we must dispose of them at a sacrifice if necessary to make way for incoming shipments.

One Large Lot  
\$10.75

Included one will find frocks of canton crepe, crepe de chine, and satinback jersey among the silks and Poiret twill and crepe among the woolsens.

There are modish side drapes, low waist lines, uneven hems and gay Eubank embroidery.

For the school girl and business woman especially this showing is rich in possibilities.

## Sweaters at January Prices

\$2.95

At \$2.95 there is a generous lot of attractive slipovers that are so much in the vogue either as blouses or sweaters. They regularly retail up as high as \$4.00.

\$3.95

At \$3.95 you will find better grade wool slipovers that sell normally up to \$5.00, specially priced for this event.

\$6.75

At \$6.75 you may select a mohair sweater priced \$8.50 that will be fine for a Christmas gift if you do not need it yourself. All three of these values are super specials that will not last long.

**Infant Dies.** SCOTTSDALE, Dec. 15.—Richard Lloyd Mauk, three weeks old, son of Mr. and Mrs. James Mauk of Valley, died yesterday afternoon. The funeral was held today. Patronize those who advertise.

## The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and habit of staying in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrup and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Custodia contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Custodia always bears the signature of Chas. H. Fletcher.

## South Connelville.

SOUTH CONNELLSVILLE, Dec. 15.—The Glison schools closed yesterday afternoon with a program which was given by the literary society. The students will get a two week vacation, returning to school, Monday, January 1. The teachers are attending the institute in Connelville.

The Connelville basketball team, in rapidly shaping up and will soon be ready for its first opponent. Considering that last year's team had a fairly successful season, this year's Captains will have nearly all old players back and several new ones. The Connelville team is beginning to take the form of a basketball outfit. This is the first season that a girls' team has been put on the floor.

## SOLD FALSE SECRETS TO BOTH SIDES IN WAR

Anspach Spy Charges Fall; as  
Papers Are Found to Be  
Worthless.

Erich Anspach, whose activities during the war were construed as treasonable by the German republican government, may escape with a light prison sentence on a minor charge. The charge of high treason against him will be withdrawn and he will have to answer only for forging documents and attempted espionage.

Anspach sold documents to the French and Poles purporting to contain state secrets. Investigation has disclosed that the contents of the papers was in every case purely fiction. Anspach dealt with the German espionage office as well as with the French and Poles, and sold documents which were equally worthless. These governments have not asked for his prosecution upon espionage charges, so there is little left against the man whose espionage activities netted him huge sums during and immediately after the war. It was only a few months ago that Anspach was arrested after a long search. He had been in Berlin throughout the search. Besides "secret" war information he dealt in forged passports, licenses and even university diplomas.

## TAKE HEAVY DEATH TOLL

Automobiles Killed 10,160 Persons in  
34 States in 1921.

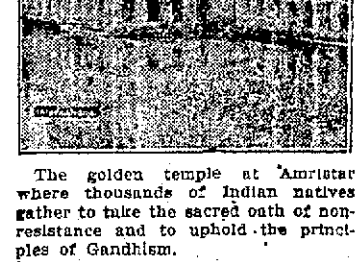

Motor vehicles, exclusive of motorcycles, caused 10,168 deaths in 1921 in the registration area of the United States, comprising 34 states, according to an announcement by the Department of Commerce. This was an increase of 1,935 deaths over 1920.

Returns compiled by the census bureau showed that in these states, embracing two per cent of the nation's population, the death rate was 11.5 per 100,000 population, as compared with 10.3 in 1920.

Among the cities of 100,000 or more population, Los Angeles, Cal., had the highest death rate, and California led all the states. New York state registered the largest number of actual deaths last year, an increase of 222 over 1920.

Total deaths in the cities were 4,415 last year, an increase of 289 over 1920. New York city had the largest number of deaths, 885, an increase of 112, or more than 10 per cent. Chicago was second, with 560, an increase of 87.

The figures given out also made comparison between 1921 and 1917. In the latter year the fatalities were 6,724. In New York city, in this five-year period, the deaths from automobile accidents increased from 551 to 885.

## STOLE \$3,000 TO GET RICH

Arrest Stops Financial Career of Former Berlin Bank Clerk.

Stolen dollars—three thousand of them—started a young Berlin bank clerk on the way to fortune. When his financial career came to an end with his arrest, he said he had been unable to resist the temptation to "borrow" some of the powerful chairman's money. He knew that all he needed was capital to become a rich man.

Within a few months after he had taken the money the clerk owned a villa, two high-power cars and was making money rapidly by showing extraordinary business acumen. He offered to pay back the money, but his plea was refused.

## NEW RECORD FOR BIRTHS

Five Children, Twins and Triplets,  
Born to Texas Mother.

What is believed to be the record for births is held by Mrs. M. N. Young, of Clyde, Tex., to whom five healthy children have been born within the last ten months.

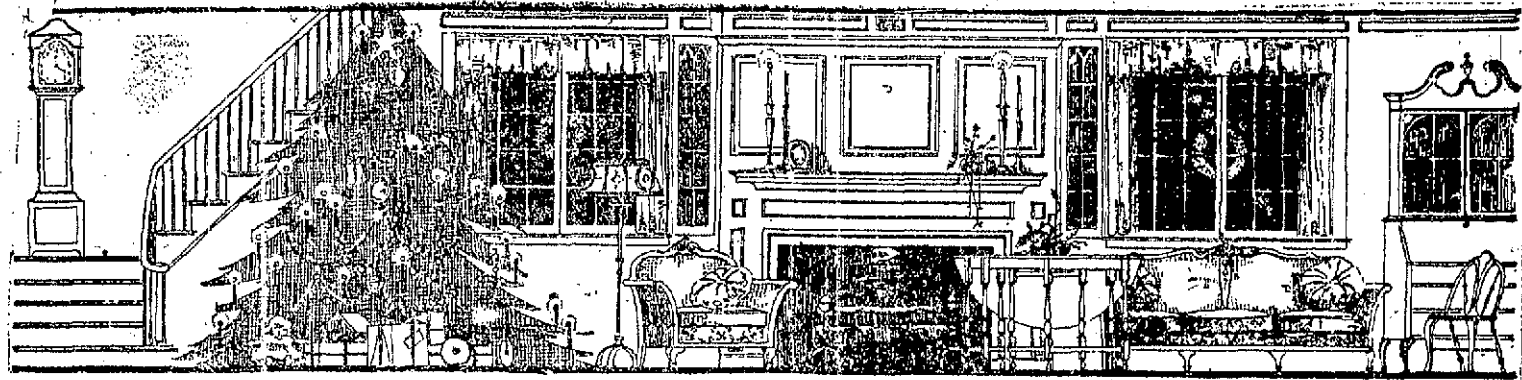

December 21, 1921, Mrs. Young became the mother of triplets. A few days ago twins, a boy and a girl, were born. Previously twins and five single children had been born.

There are 12 living children in the family and all are said to be perfectly normal and healthy. Both the father and mother are less than 35 years old.

# Your Government To Cost You Less

With the help of the Budget Bureau, with the cooperation of Congress, with the aid of continual prodding from the White House, the United States Government seems at last to be in a happy way financially. When the newspaper editors read the message President Harding submitted to Congress along with the budget for the next fiscal year, even the Democrats promptly sat down and wrote cheerful, happy, and congratulatory editorials. For they learned that this prodigal Government of ours has in three years cut down its spendings from a six-billion-dollar to a three-billion-dollar basis; that it is going to spend half a billion dollars less in the next fiscal year than in the present; that the expected \$600,000,000 deficit for 1923 has already been cut down by half and, since it is only December, may very well be wiped out altogether by the end of the year on June 30; and finally, that the official Budget Bureau estimates for the fiscal year ending in 1924, indicate a substantial surplus of \$180,969,125.

You will read in THE LITERARY DIGEST this week, December 16th, how the reduction in government expenses has been effected, what activities have been curtailed, and what the probable effects upon the tax-payer may be. Other instructive news-articles in this week's issue of THE DIGEST are:

## Coke Production in U. S. in 1921 Was 73 Per Cent Less Than 1920

The completion of final returns by the United States Geological Survey of beehive coke production in 1921 shows the total to have been 5,638,042 tons, the smallest since 1885 and 73 per cent less than in 1920. By-product production for 1921 having been 19,749,980 tons, the total of all coke manufactured was 25,287,622 tons. The proportion furnished by the beehive ovens was 21.9 per cent against 40 per cent in 1920. On December 31, 1921, there were 66,014 beehive ovens in the United States none having been constructed during the year. In the manufacture of the 5,638,042 tons of coke exclusive of screenings and breeze 8,175,146 tons of coal, having an average value of \$5.52 per ton, were used, giving a yield of 65.3 per cent. Producers of coke used 495,481 tons of coke and 10,820 tons of screenings and breeze, sold 4,068,062 tons of furnace and foundry coke, at an average price of \$5.12, 56,874 tons of domestic and other coke at an average of \$4.79, and 13,910 tons of screenings and breeze at an average of \$3.05. Pennsylvania easily led all other states by producing 4,466,105 tons of coke 276,834 tons of which were consumed by the makers and 4,174,164 tons sold for \$20,842,186 or an average of \$4.99 per ton. Virginia, tied second with a production of 280,176 tons, 20,662 of which were sold for \$1,948,364 or an average of \$7.19. West Virginia's output was 209,637 tons of which 198,338 were sold for \$1,313,306, an average of \$6.62 per ton. New Mexico ranked fourth with a production of 167,081 tons, all of which except 21 tons was sold for \$1,457,980, the average value being \$8.46. In Alabama 69,586 or more than half of its 132,912 tons produced were consumed by the makers, leaving 63,133 tons which were sold for \$411,471 or an average of \$6.51. Production and sales values in other states were as follows: Colorado \$1,770 tons, \$224,581; Georgia, 6,943 tons, \$30,888; Kentucky 93,442 tons, \$763,621; Ohio, 62,150 tons, all locally consumed except 1,344 tons, \$2,917; Tennessee 20,005 tons, \$138,041; Washington 2,495 tons, \$34,672.

## INGOT PRODUCTION CONTINUES AT 15 PER CENT ABOVE AVERAGE

Buyers Willing to Take Heavy Deliveries Now Than Prices Show No Tendency to Weaken. From The Weekly Courier

NEW YORK, Dec. 13.—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows: Steel ingot production has continued to rise at substantially the October rate which was about 10,000,000 tons a year, or 16 per cent above the average rate in the six months preceding. The frequently predicted curtailment in mill operation, has not materialized. Distributors and manufacturing consumers do not seem to be exhibiting their usual desire to have shipments curtailed at this time to lighten inventories.

Possibly a cogent reason for the willingness of buyers to take heavy deliveries is the fact that steel prices do not weaken, putting mills in strong position as they can suggest curtailment if the customer proposes postponement. A large portion of the current deliveries is of course at less than prices currently quoted. In some times mill are booked far into the new year while in others they have little business beyond the current month. As the market shows relatively inactive a decided improvement is necessary to avoid curtailment in production in January or February.

Opinion is mixed as to the probability of another coal strike April 1. There is evidence that some buyers of pig iron and of steel products consider this a contingency that leads to be reckoned with a part of the present strength in prices is attributed to the possibility of there being another strike with steel mills less supplied by coal stocks than they were last winter. The November decrease of 62,045 tons in the Steel Corporation's unfilled orders was what in the circumstances. The increase in movement in first quarter given in the past fortnight probably has been due to the fact that the supply of steel is now being accumulated in a back of supply to meet the demand for the first quarter. ### High School Wins Opening Floor Clash

The Connellsville High School basketball team opened its season last night with the Mount Pleasant outfit and won, 41-29. The visitors did not present much of a stiff fight and while the Cokers are going to have a strong quintet this season, the game did not bring out any of the finer qualities of the boys.

The team goes to McClellandtown this evening and tomorrow night will play the Perry Township squad. Perry expects to have the championship team of the county this year and the game should be a good one.

The lineup:  
Connellsville—J. M. Pleasant—29  
McCormick—F. Jacquette  
Niland—F. Bobbs  
Lowrey—C. Craft  
La Rue—G. Hays  
Welsh—G. Galone

By moving forward from August 1 to June 15 the date for the sale of exchange of players the magnitude of the major basketball league yesterday delivered a slap at the men responsible for sending star players to New York that John J. McGraw might win another pennant.

The Baseball Writers Association of America yesterday adopted a resolution to back up the official scorer in not giving a hit to Ty Cobb in a game in New York in dispute which would have placed him in the 400 batting class for the third year. No official ruling was made in the controversy.

## CHIROPRACTIC ADJUSTMENTS

One Minute  
Health Talk for No. 8

### —WOMEN—

IT SEEMS to be an unfortu-  
nate fact that the women of  
this day have resigned them-  
selves to a belief that sickness  
must always be their lot. That  
sickness with them is the rule  
rather than the exception.  
Most women, do with admirable  
fortitude, await a long line of  
ailments and that, with no idea  
of how to successfully combat  
them.

Hygiene has, of course, play-  
ed an important part in pre-  
venting many of these maladies.  
Of late years, however, a  
health method has been utilized  
which has PROVEN itself a  
boon to women suffering from  
functional ailments peculiar to wo-  
men. CHIROPRACTIC is every-  
day demonstrating, with un-  
usually successful RESULTS,  
the value to suffering women-  
kind.

Most women shun the em-  
barrassing ordeal of a physical  
examination. In this office  
there is NO embarrassing ex-  
posure. The only exposure  
necessary for a CHIROPRACTIC  
adjustment is the area di-  
rectly over the spinal column.  
Satisfactory dressing room, gown  
and a lady assistant provided.

DON'T give in to your ail-  
ment. DON'T take it for grant-  
ed that sickness is your lot.  
Combat it with CHIROPRACTIC.  
The results will be more  
than gratifying. No charge is  
made for consultation.

## WATER RATES AT SCOTSDALE HELD TO BE TOO LOW

Public Meeting Called for Tonight to Discuss Increased Charge.

## METERS ARE RESPONSIBLE

SCOTSDALE, Dec. 15.—C. A. Spencer, general superintendent of the Citizens Water Company, has called a public meeting this evening at 8 o'clock at the Y. M. C. A. for the purpose of discussing a proposed increase in rates for water in the borough. All consumers are invited to attend.

On November 23 Mr. Spencer held a meeting at the water company's main building and since the change from the flat rate to the meter system. He said the company's earnings were \$20,000 under what the Public Service Commission allowed. He added that operating expenses have exceeded estimates by \$5,000.

It was reported today that the company will propose going back to the flat rate. Recently, however, the rate was increased by a representative of the company that it was the increasing of water on a meter basis that made it possible for the company to get through the long months with an adequate supply.

Under the meter system, it was said, conservation is encouraged. Another conservation has reached the stage that the income of the company has been seriously reduced, was not noted.

The water plant is one of the many owned by the Pennsylvania Railroad Company.

**Missionary Society Meeting.**  
The Ladies' Missionary Society of the Presbyterian Church held its regular meeting yesterday afternoon. Mrs. C. E. Hattie was the leader. Mrs. E. L. Marshall read a paper on Utah.

## How quickly Resinol is clearing up that acne

**That's the Point!** The moment Resinol touches an itching, burning skin, the irritating matter stops. A few days' persistent treatment really fails to clear away the inflammation and soreness and finally restores the skin to its natural healthy condition.

Resinol Soap and Resinol Skin Cream are the most effective preparations and are used by dermatologists here and there, and are used by thousands of men and women.

Mrs. Walter Null gave a talk on Syria and Persia. Mrs. C. B. Murphy had charge of the music.

Refreshments were served and a social hour held at the close of the meeting. The social committee was made up of Mrs. W. J. McDowell, Mrs. G. S. McCurdy, Mrs. Frank Melling, Mrs. Walter Null, Mrs. J. H. Mervin, Mrs. C. B. O'Rourke, Mrs. William Orbin, Mrs. R. M. Patton, Mrs. A. J. White and Mrs. Ernest Overholt.

**Unit Leaders Named.**  
The unit leaders and the units they have in charge have been announced by the Methodist Episcopal Church as follows: No. 1, Mrs. E. V. Griffith; No. 2, Mrs. C. A. Colborn; No. 3, Mrs. A. C. Farmer; No. 4, Mrs. Josiah Reynolds.

## A poor \$15,000 a year husband

Although only 32 years old, a certain young New Yorker earns \$15,000 a year. Strangers envy his apparent success. But his intimates ask: "How long will he last?" For they know that he is in debt and disheartened. His wife is wildly extravagant.

Such rare cases only accent by contrast the sympathetic partnership of most women. Where one woman is blind to small economies, hundreds search for them constantly.

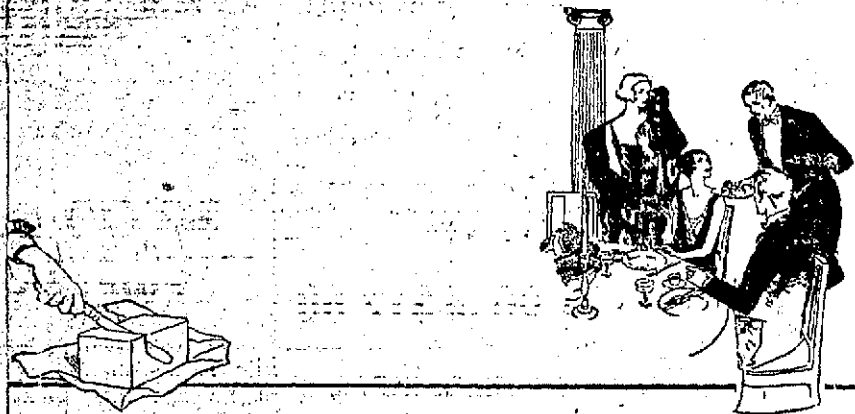

One example is the way American women have taken up Brednut—the new approved spread for bread. In thousands of middle western homes with really thoughtful wives in charge, Brednut is saving money every time a meal is served.

You will not be surprised that Brednut makes so delicious a spread for bread, rolls and biscuits when you learn that it is produced from pasteurized milk and rich tropical nuts.

**Pasteurized milk! Tropical nuts! A delicious new home economy!**

Time and again husbands have told us that they detect no "difference" except in the saving effected. It will be a real pleasure to see your children enjoy a kind of food whose value and digestibility are commended by the U. S. Department of Agriculture.

Fresh flavored Brednut comes to you uncolored—a pure white. When you buy your grocer will give you a wholesome vegetable material which will quickly color your Brednut to a rich golden yellow.

## SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call It "Joint Ease" Because It's For Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents designed to be the one remedy that almost instantly penetrates through the skin and flesh, and starts right in to make swollen, inflamed, creaky, and aching joints as good as new.

They call this new and wonderful preparation Joint Ease because the medical man who turned the trick worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, dislocated or stiff joint, whether it be in knee, elbow, shoulder, neck or finger and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lameness, neuralgia, neuritis, aching muscles, aitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint Ease"—you can use it several times in one evening for quick results. Rub it in, right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin it starts right in to clean up all joint trouble.

Connellsville Drug Co. and all drug stores dispense it daily for about 60 cents a tube, as do first class druggists everywhere.—Advertisement.

New Jamison Company. A charter has been granted to the South Union Coal Company, Greensburg, with an authorized capital stock of \$1,000,000. The incorporators are John M. Jamison, Jay C. Jamison and Robert W. Smith, all of Greensburg.

## Tornadoes Ready for Tomorrow

Hundreds of football fans from Connellsville will go to Brownsville tomorrow afternoon to witness the grid classic for the title of Fayette County champion. The game will begin at 2:45 o'clock. The teams are primed. The officials have been named. The police protection has been provided. With the whistle blowing for the kick-off the biggest crowd ever present at a football game in this county will witness the playing of the titular clash.

Many from this place will go by special car and others will go in automobiles. The Tornadoes will leave early in order to be settled before the time of the game.

Neither team is making any loud or brazen boasts of the victory, ahead but both have quietly determined that the other will participate in the hardest clash it has ever experienced.

The game was only arranged Monday evening after all-season efforts had been unavailing and the forecast is at fever heat. No sporting event ever attracted such attention as is the football game and to keep themselves in the front the Tornadoes will be accompanied by the Connellsville Military Band.

Tickets have been placed on sale at the following places: Taubert & Punari, Paramount, Billiard Parlors, American Restaurant, Royal Post Room, Elmer Clark Store and W. B. Bird's Drug Store.

Attorney R. E. White is endeavoring to get in touch with local fans who will offer transportation for the team.

### Dickerson Run

DICKERSON RUN, Dec. 15.—Mr. and Mrs. George Deany and family migrated to Southfield and spent the day visiting Mr. and Mrs. J. W. Deany. Mr. and Mrs. Roy Evans of Vanderbilt were shopping in Connellsville yesterday.

Joseph Snyder of Dawson spent the day visiting Mr. and Mrs. John Walker at Scottsdale.

Mr. and Mrs. W. U. Keller of Dawson were the guests of friends at Poplar Grove last evening.

Mrs. Walter West has returned to her home at New Brighton after spending a few days visiting relatives and friends here.

### Cordova Leather Goods

What the word "Sterling" means to silver is what the word "Cordova" means to leather. All Cordova goods are made from genuine Spanish Steer Hide, Russian Calf or genuine Seal, and all linings are of African Goat Skin.

Like in all other good lines imitations have crept in and often these cheaper stamped goods are sold by dealers as "Cordova." There is one protection however and that is that each piece is stamped with this trade mark

## The BLIND MAN'S EYES

By William MacHarg  
Edwin Balmer

ILLUSTRATIONS BY  
R.H. Livingston

Before Eaton's entrance into her life she had supposed that some time as a matter of course, she was going to marry Donald. In spite of this, she had never thought of herself as apart from her father; when she thought of marrying, it had been always with the idea that her duty to her husband must be secondary to that to her father; she knew now that she had accepted Donald Avery, not because he had become necessary to her but because he had seemed essential to her father, and her marrying Donald would permit her life to go on much as it was.

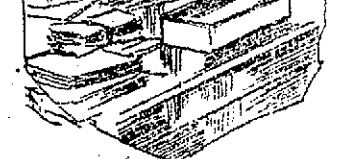

Donald had needed position and a certain amount of wealth and power; now suddenly she was feeling that he had nothing but these things, that his own unconscious ambition was that to be worth while he must have them, that to retain and increase them was his only object in life. She had the feeling that these were the only things he would fight for; but that for these he would fight—fairly, perhaps, if he could—but, if he must, unfairly, despicably.

She had finished dinner, but she hesitated to rise and leave the men alone; after-dinner cigars and the fiction of the masculine conversation about the table were insisted on by Blatchford. As she delayed, looking across the table at Eaton, his eyes met hers; reassured, she rose at once; the three rose with her and stood while she went out. She went upstairs and looked in upon her father; he wanted nothing, and after a conversation with him as short as she could make it, she came down again. No further disagreement between the two men, apparently, had happened after she left the table. Avery now was not visible. Eaton and Blatchford were in the music-room. With a resignation against her father's orders which she had never felt before, she began to carry out the instructions her father had given her.

She noticed that Eaton was familiar with almost everything she had liked which had been written or was current up to five years before; all later music was strange to him. To this extent he had been of her world; playing up to five years before; then he had gone out of it.

She realized this only as something which she was to report to her father; yet she felt a deeper, more personal interest in it than that. Harriet Sanborne knew enough of the world to know that few men break completely all social connections without some link of either fact or memory still holding them, and that this link most often is a woman.

Toward ten o'clock Eaton excused himself and went to his room. She sat for a time, idly talking with Blatchford; then, as a servant passed through the hall and she mistook momentarily his footsteps for those of Avery, she got up suddenly and went upstairs. It was only after reaching her room that she appreciated that the meaning of this action was that she shrank from seeing Avery again that night. But she had been in her room only a few minutes when her

"Will You Come Down for a Few Minutes, Please, Harry?"

house telephone buzzed, and answering it, she found that it was Donald speaking to her.

"Will you come down for a few minutes, please, Harry?"

Some strangeness in his tone perplexed her. "Where are you?" she asked. "In the study."

She went down at once. As he came to the study door to meet her, she saw that what had perplexed her in his tone was apparently only the remnant of that irritation he had showed at dinner. He took her hand and drew her into the study.

"You don't mind my calling you down, Harry? It is so long since we have even a few minutes alone together," he pleaded.

"What is it you want, Don?" she asked. "Only to see you, dear Harry. I took her hand again; she resisted and withdrew it. 'I can't do any more work tonight, Harry. I find the correspondence I expected to go over this evening isn't here; your father has it, I suppose.'"

"No; I have it, Don."

"You?"

## Great for Bad Coughs and Colds

Make Your Own Medicine and Have the Best There Is.

You'll Say It's Good When All Mucus Disappears and Clean Healthy Membrane Is Your Reward.

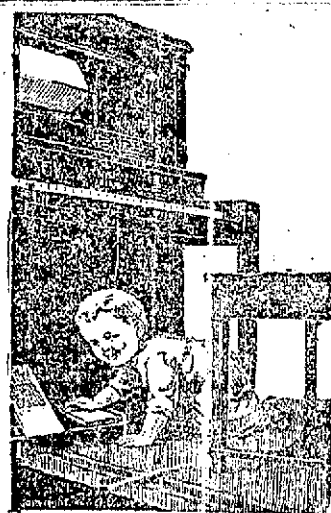

Here is an inexpensive home made remedy that you can't beat and one that will quickly be made up that phlegm, stop the coughing, loosen the chest, soothe the throat, make breathing easy and cause stubborn colds and persistent coughs to vanish—many times over.

Try it right away. If you suffer from catarrh, chest colds or any irritating nose or throat trouble, and you'll be glad you ran across this little bit of advice.

Get from any drug store one ounce of Eucalypti (double strength), add to it a little sugar and mix. You can make it in two minutes and when it is mixed you can breathe yourself out, leaving the mucus that was sitting on the membrane of the nose and throat and acts so effectively that a phlegm, catarrh and inflammation, shortly disappear.—Advertisement.

## BREAK-UP COLD.

Get a box of BULGARIAN HERB TEA. Flush the poison from the bowels. Hot medicinal tea stimulates and refreshes your system. Take it hot to help kill colds. Sold by druggists everywhere.—Advertisement.

## The Truthful Trade-Mark of the Gulbransen

A baby's hand on a pedal of the Gulbransen causes it to play. The trademark tells the truth.

It is the exclusive Gulbransen feature—the fine craftsmanship—the perfect design—that make "Gulbransen" a fact.

The baby trademark stands for real music, real play, it means no more play-thing each year than any other trademark or name. It is the emblem of Gulbransen's ideal baby, accurate and policy.

## BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly cannot, to end the tightness and drive the congestion and germs right out. Nothing has such concentrated, soothing heat as red peppers, and when heat penetrates right down into cold, congested, aching muscles and sore, stiff joints, relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Flowies Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Flowies" — Advertisement.
